

INSTRUCTION MANUAL

Please read these instructions carefully before using your new light and retain for reference.
For Indoor use only

This pack contains:

1 x Table Lamp and plug in mains transformer with in-line switch.

Safety Warnings

Do not plug into the mains until your lamp is fully assembled.

Ensure that the table lamp is placed on a stable, solid surface and under no circumstances must it be covered with any material as this could pose a safety hazard.

This table lamp uses a plug in transformer. Under no circumstances must this be replaced by a standard 13amp UK type plug. This will cause a safety hazard.

This product is only suitable for connection to 240V~50Hz supply, indoor use only and is *not* suitable for a Bathroom location

This table lamp uses none – replaceable LED`s. We recommend, as with any LED products that you – DO NOT STARE INTO THE BEAM.

This product is not suitable for persons under 14 years of age.

If the supply cable is damaged it cannot be replaced and the fitting must be destroyed.

If any modification is made it will invalidate the warranty and may render the product unsafe.

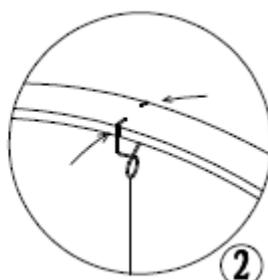

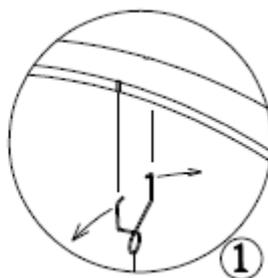

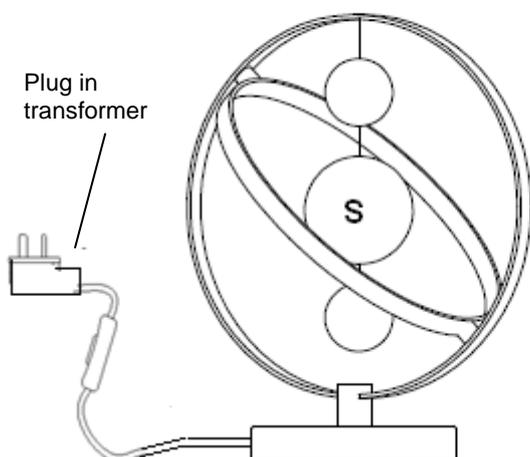

Switch off, remove plug and allow 10 minutes to cool before cleaning using only a dry cloth.

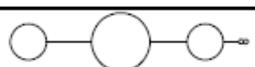

Assembly/ User Instructions

1. Carefully unpack your Table Lamp.
2. Place your Table lamp on a stable, flat surface.
3. Hang the decorative ball assembly as shown below in steps in (1) and (2).
4. Plug in and operate the in-line switch to turn your Table Lamp on.

If your Table Lamp will not illuminate, check the transformer connection and ultimately check the relevant fuse in your Fuse Box.

If unsuccessful please consult your Retailer.
